***PACIFIC TRUSTEES (SINGAPORE) LTD. IS REGULATED BY MONETARY AUTHORITY OF SINGAPORE.***

***PACIFIC TRUSTEES LABUAN LTD IS REGULATED BY LABUAN FINANCIAL SERVICES AUTHORITY.***

PTGI has adopted an integrated business solution-oriented approach which endeavours to ensure that marketing, promotion and relationship management, documentation and operations are all effectively coordinated to provide cohesive services to our clients. Committed to effectiveness and building good rapport with all parties involved in a transaction, extensive time is devoted to first fully understand the specific needs of each client before matching customized solutions and services that best serves that needs. Such processes produced significant value-creation, enhanced efficiency and speed up execution in the market place.

Pacific Trustees is an independent trust company. Unlike other trust companies, we are not part of any larger institution that may require us to serve competing or conflicting interests. Pacific Trustees has always been able to act independently and professionally without any adverse conflict of interest situation especially in transaction among related parties or within Group of banking companies. This reassurance to act fairly and impartially at all times is a critical role of a trustee as stakeholder safeguarding the interest of its beneficiaries.

### ***CORE STRENGTHS***

- ✓ *Independent trustee, not part of any larger institution that may require us to serve competing interests, thus no conflict of interest.*
- ✓ *Nimble decision making*
- ✓ *Experienced in trustee business*

A team of dedicated qualified professionals with extensive experiences heads Pacific Trustees. To provide and maintain quality services on a continuing basis, every assignment is assigned an experienced Head from inception of a transaction to maturity thereby mitigating a lot of follow through issues which is inherent to every project.

Relatively small with a flat organization structure, Pacific Trustees prides itself for being able to response speedily with innovative solutions to many ad hoc needs that often arise during implementation. By taking a long-term view of its clients and businesses, for instance Pacific Trustees Berhad has acted as Trustee for many interest schemes, especially in Clubs, Time Sharing, Memorial Parks and Investment Schemes, including management and holding of sinking fund and trust fund accounts for the said schemes.

Pacific Trustees have to date provided trust services to more than two hundred seventy (270) Issuers in the market totalling to a nominal value of about RM 509.0 billion

- For the uninitiated, corporate trust mainly deals with a huge range of capital markets transactions for which we provide our trust services. We hold the securities and operate the Designated Accounts in Private Debt Securities, including Asset-Backed Securitisation for bond issuances.
- We have corporate experience that is well-known in the capital market industry and there are very few of our peers or competitors that have already provided the range of services that we already provide or has there been any of our peers or competitors that can provide you with the legal corporate structure analysis and regulation that is solely needed for the dynamic engineering of your corporate financial needs.
- In this dynamic world of evolving transactions and corporate structures, we can provide you with long-term regulation and analysis of the process of managing your corporate financial requirements. We are still trustees for some issues that have been implemented for a long time. In the financial market world, there is no better option than choosing Pacific Trustees.

## **OTHER COMPLEMENTING SERVICES BEYOND TRUST – INSTITUTIONAL CORPORATE SERVICES**

PTGI had recently added two Institutional Corporate Services entities to enable Pacific Trustees to provide holistic service to our corporate clients in both Malaysia and Singapore.

***PACIFIC TRUSTEES CORPORATE SERVICES SDN BHD IS REGULATED BY COMPANIES COMMISSION OF MALAYSIA.***

***PACIFIC TRUSTEES CORPORATE SERVICES PTE. LTD. IS REGULATED BY ACCOUNTING AND CORPORATE REGULATORY AUTHORITY OF SINGAPORE.***

Our Institutional Corporate Services entities serve to complement our trustee services by providing corporate secretarial and advisory services to our clients. These entities specialise in the incorporation of companies (private or public) which will be used as special purpose vehicles for trusts set up/to be set up by the clients. Apart from the normal scope of work as expected for secretarial services, they also provide advisory services on governance practices of companies as well as for certain trust structures.
